'Learning at its heart'

Thursday 20th December 2018

Dear Parents/Carers,

I felt that I could not let the week pass without sending out this letter as a huge thank you for all the support and efforts of the Friends of Bretforton Village School. It goes without saying that they have massively contributed to the life of our school through the activities and events that they have planned but in addition the funds they have raised for us have been very much appreciated.

This week alone, they have paid for the children's Christmas Lunches at The Fleece and also for every child to attend the Cheltenham panto. Additionally, they paid for the children's snacks at the panto and decorated the tables in the barn at The Fleece, making it a magical festive place for the children to eat.

As head of school, I am always impressed and delighted by the enthusiasm and energy that they bring to all that they do. Thank you everyone who has worked as part of the Friends for all their hard work in this very busy term but also to all parents for their ongoing support for the Friends. Your involvement in the life of our school makes a much richer and exciting environment for your children and I thank you all for that.

I've attached some photos from the Christmas lunch which I hope you will enjoy.

I hope you all have a wonderful Christmas and a peaceful New Year.

Yours sincerely,

Mr K Riley

Head of School
