'Learning at its heart'

Marathon Kids

Wednesday 26th February 2020

Dear Parents/Carers,

As part of our ongoing commitment to developing sport and healthy lifestyles in school, we have been invited to join in the Marathon Kids programme. Marathon Kids is a flexible, fun and sustainable running programme that helps schools to get kids moving every day, and helps kids to run and jump into a happier, healthier future. Part of this programme is an online tracking system which allows your child's running distance to be measured and monitored. For your child to be added to the system, we need your permission. The letter attached gives more detail on this and has the permission slip which needs to be completed in order for your child to be added to the Marathon Kids database. It also explains the way that your child's data is used. If you have any questions about the programme or the tracking app, please do not hesitate to contact me, however, further information will follow when your child is registered.

Warm regards,

Mr K. Riley
Head of School
