'Learning at its heart'

Home Learning links for week commencing 20th April

Thursday 16th April 2020

Dear Parents/ Carers,

I hope that you have all had a good Easter break and that you have managed to enjoy the good weather that we have enjoyed (social distancing permitting!).

Please find below the links for the Home Learning for the three classes. As I mentioned in my letter last week, we have increased the amount of activities that are online and reduced the amount that are paper based. Some of the activities will need a printer but please, can I reassure you that we are aware not every family has a printer and also, in these times of limited finances, printer ink is extremely expensive. Therefore, we are taking a common-sense approach to these activities; do what you can and do not worry about those that you cannot. We have added some extra links in to Virtual Learning Experiences (such as live webcams, interactive tours etc) which can be used as a stimulus to for conversation, questioning and discussion, so please use these when appropriate.
