Return of Home Learning from Spring term 1

Dear Parents/Carers,

As we draw to the end of a very challenging half term, both for school and parents, I thought it would be appropriate to thank you for your support and engagement with the home learning that we have put in place over the past few weeks. As teachers, we completely understand how difficult it is to juggle your child's learning and your own work commitments if you are working from home. We greatly appreciate your child's participation in the Zoom meetings we have arranged and your emails updating us on your child's learning.

In order to assess, as best we can, your child's learning and to plan ahead for the initial weeks after the half term holiday where we will not be open, could we ask that you return your child's home learning book to us at school. This can be left in the office reception area for us to collect between Monday 8th and Wednesday 10th February. You will also be able to collect a new book for next half term's home learning.

If you have not used the home learning book that we provided, please make sure that all work has your child's name and the date on, to make identification easier for us. If your child is attending school, we will simply keep their book in school.

I know that many of you have been accessing the school YouTube channel here. You may have noticed that the amount of material we have shared on there has increased over the past few weeks. From Monday 22nd February, the first day of the new term, there will either be a YouTube video or a Zoom meeting each day. Please make sure that you check the channel every day with your child. Details of the Zoom meeting will be sent out at the start of the new half term.

If you have any questions about any of this letter, please do not hesitate to contact me.

Warm regards,

Mr Riley
Head of School
