

Year 5 spellings list: spring term 2 2021

Each week, learn the words in the word list. Use the spellings games provided to practice them. You can do this in the back of your home learning book if you like. The focus for the first week is the suffixes -ible and -able. Please learn the word meanings and practise writing them in sentences, making sure you choose the correct spelling. Can you also find other words with the -ible and -able suffixes? How many can you find? List them in the 'Challenge' box! Each test will be on a Friday during lockdown. Please ask an adult to test you at home and record your test in the back of your home learning book.

Spellings pattern	Word list	Challenge How many extra words can you find?	Test date
